WHO OWNS STORE

That's Question Facing Kansas City Election Fraud.

volved in Testimony.

STEAM LEAKS OUT OF PROBE

Some One, Somewhere, Drank Liquor Election Day.

Fifty Witnesses to Discover Naughtiness in Politics.

Most of the steam has leaked out of the Kansas City, Kan., election frauds investigation, according to men who are following most closely the inquiry ordered by Governor Capper. From a probe which the governor de-clared would "make Terre Haute look like a Sunday school town," the inquiry has simmered down to the tak-ing of testimony as to the ownership a grocery store at the mouth of the

More than fifty witnesses have been examined by J. L. Smalley, special as-sistant, appointed to conduct the in-Some evidence was introduced to the effect that some of the voters drank liquor on election day. Other evidence was to the effect that one or more keg parties had been held. Still other evidence indicated that some one had heard that some one violated some election law.

Then the investigation took a new and sudden turn. Who owns a grecery store formerly run under the name of Mayor Green? That became the issue in the election fraud case. For nearly a week the attorneys and witnesses have quibbled and argued concerning the admission of grocery ore ownership testimony in an elec-

Spot Light on Zimmer. Election Commissioner Zimmer gainst whom the governor's charges vere directed, has not been mentioned in the press dispatches for more than a week. Governor Capper asked for Zimmer's resignation. Zimmer po-litely and firmly declined to quit. Then the quiz was started. The spot light was turned on Zimmer. It was Zimmer's personal actions, Zimmer's guilty knowledge, Zimmer's associates

Ight was turned on Zimmer. It was Zimmer's personal actions, Zimmer's guilty knowledge, Zimmer's associates which were to be aired in the Wyandotte hearing.

Once, early in the game, Mayor Green gave out an interview in which he expressed confidence in Zimmer. He asserted that if Governor Capper desired to conduct an investigation he, Green, would be a most hearty assistant. Then the governor stated that no charges were being directed against Green's office record or the question of his election.

will himself make a trip to Kansas City, he has stated.

At the state house there is a decided lack of information as to the amount of testimony yet to be introduced. Of course Smalley may be holding his big cards until the last. Yet political observers and followers of the investigation are puzzled regarding the running of the hearing on a side track.

Big Bells to California.

Troy, N. Y. May 25.—Securely packed for safe ocean transportation, eleven huge bells, shipped by the Mencely Bell company of this city, are on their way to the new million dollar Bible done. At the sinking of the services were begun at the home of Daniel Frohman, where only members of Charles Frohman's immediate family were present. Then followed public services in the Temple Emanuel, conducted by the Rev. Joseph Silverman. Augustus Thomas, the play wright, was selected to deliver a functual address. The honorary pall bear-ers included 26 actors and theatrical managers.

Functal services to be held today in memory of Mr. Frohman were arranged by Billie Burke in Tacoma, Wash.; by Mand Adams in Los Angeles; by John Drew in San Francisco, and by Julia Sanderson and others in Providence, R. I.

Thomas the was a member of the board of directors of the Central National bank, of Topeka, and had much money invested in Topeka and Shaw-ne county real estate.

Mr. Merriam was born in Johnson. Vt., June 30, 1835, and was married January 25, 1859, to Miss Sarah Patring a darker. The honorary pall bear-ers included 26 actors and theatrical managers.

Grain Gossip.

(Furnished by special wire to T. J. Myers.)

Exports from the United States and Canada today were \$10,000 bushels of wheat.

25,000 burrels of flour, 116,000 bushels of corn and 1,616,000 bushels of ogis; wheat and flour combined, \$22,000 bushels.

John Inglis has returned to Chicago from his tour of inspection in the winter wheat territory. Summing up his observations he says that if the crop escapes further deterioration there is still a possibility that the aggregate yield will be the second largest on record, but loss since the last government report is much more serious than generall credited. General condition of oats is good, with a decided increase in acreage. Corn has a good start on a large area.

B. W. Snow, who was in Kansas City

oats is good, with a decided increase in acreage. Corn has a good start on a large area.

B. W. Snow, who was in Kansas City yesterday, reported on Missouri crop conditions as follows: "Wheat in the eastern part of the state still looks good, though Hessian fly is beginning to show. From Jefferson City west, on both sides of the river, damage has been very severe. In Howard, Saline, Chariton, Lafayette and Carroll counties, involving about 406,000 acres, it appears that fully one-third of the acreage has been entirely destroyed, with less than half a crop on the balance. Further damage will continue to show up as harvest approaches. Rain or any other weather cannot check damage because the larvae have already done their work on the stalk. It looks as if 30 million bushels is an outside possibility for the state. Corn prospects were never better."

A message from Colby, Kan., says farmers of Thomas county declare the freeze last week did not damage wheat and will be a benefit to the late wheat. The freeze killed all the Russian thisties.

killed all the Russian thistles.

New York Stock Market.

Wall St., New York, May 25.—STOCKS—Prices receded gradually in all parts of the list during the very duil first hour period. The average level of quotations was under yesterday's lowest figures, investment shares as well as specialities, reflecting mild pressure. The short interest was a factor, selling from that quarter being again based upon rumors concerning the tenor of Germany's forthcoming reply to Washington note. As a matter of fact, it was left to the capricles of the trading element, public sympathy utterly lacking. Some improvement was noted at noon. Bonds were steady. Trading in stocks at today's opening was dull, in striking contrast to the previous day's initial dealings. Such interest as was manifested centered almost wholly around the war specialities, the more important of which recorded declines ranging from fractions to over a point. This was partly offset by moderate advances in other shares of the same group and in Coppers. Republic Steel, common and preferred, were preminent for their strength, agining 214 and 314 points, respectively. United States Steel showed some irregularity and standard stocks were almost neglected.

Decline in Rock Island to a new low record provoked further recessions in the late dealings. The close was heavy.

Grain Gossip.

[Furnished by special wire to T. J. Myers.]

Exports from the United States and Canada today were \$10,000 bushels of wheat. 25,000 barrels of flour, 116,000 bushels of corn and 1.616,000 bushels of oats; wheat and flour combined, 922,000 bushels.

John Inglis has returned to Chicago from bis tour of inspection in the winter wheat.

Kausas City Stock Yards, May 24.—The steady advance in cattle prices continues here, regardless of outside influences. Fifteen cents to a quarter was added last week, including heavy steers, and prices weak to 10c lower, and that market continues to furnish surprises to the trade in the matter of heavy cattle receipts, it having been figured heretofore that Chicago territory was bare of cattle, but the supply at Chicago recently indicates that Illinois, Iowa and Indiana have pienty of fat cattle. All cattle arriving at Chicago have to sell to killers, and recent advices say there is no immediate prospects of any change in this respect. Killers pay more attention to quality in heavy steers now, and some long fed cattle, bought on the break in February, are paying out at present prices. Some of Mr. Tod's year-lings brought \$8.85, bere today, chraska heavy steers \$8.65, other Nebraskas \$8.40, out of a drove that contributed steers at \$7.80 two weeks ago. Kansas yearlings \$9, choice cows \$6.75 to \$7.75, prime heifers \$8.50 to \$0.25. Several shipments of Arkansas Valley pulp and affaifa steers sold at \$8.30 to \$8.25. Several shipments of Arkansas Valley pulp and affaifa steers sold at \$8.30 to \$8.50, weighing from 1150 to 1475 lbs, average, and a drove of Panhandle spayed heifers brought \$8.30. Stockers and feeders are firm, some black feeders at \$8.35 today. 1000 lbs. average, and stock steers at \$7.25 to \$8.50. Stockers and feeders are firm, some black feeders at \$8.35 today. 1000 lbs. average, and stock steers at \$7.25 to \$8.50. Stockers and packers were equally anxious for hogs, and all the hogs sold within a narrow range, Prices will fluctuate with variable supply for a month, according to predictions, after which an advance will be in order.

Sheep and lambs are steady today, except that native ewes and mutton sheep generally are 10c to 25c lower, receipts in 1,000 head. Arizona shorn yearlings \$8.25, na. Kausas City Stock Yards, May 24.—The

Sheep and lambs are steady today, except that native ewes and mutton sheep generally are 10c to 25c lower, receipts 11,000 head. Arizona spring lambs sold at \$11.15. Arizona shorn yearlings \$8.25, native springs \$11, the latter lacking prime quality, clipped lambs \$9 to \$9.25, fat goats \$5.15. Angora brusher goats \$5.20 to \$5.40, slick haired brushers \$4.60. Texas sheep offerings included shorn yearlings, 73 lbs. at \$8.25, and some medium grade, mixed sheep, 66 lbs. average, at \$6.75.
